MONTANA POWER GIFT WILL BENEFIT FIVE UM PROGRAMS

MISSOULA --

A \$50,000 gift from Montana Power/Entech Foundation will benefit five University of Montana programs: the Mansfield Library's archives and special collections, Bureau of Business and Economic Research, Biological Station at Flathead Lake, Montana Repertory Theatre, and Telecommunications Center. The contribution is part of a larger gift to UM totalling \$250,000 over five years.

At a reception held Thursday, May 25, in the Mansfield Library archives, President James Koch praised Montana Power for good corporate citizenship. He cited the company's commitment to higher education in the state, particularly its support of UM.

Representing Montana Power Co. at the gift-giving ceremony were Dan Lambros, a member of the board of directors; Les Ammondson, district manager in Missoula; and Cort Freeman, director of media relations.
